The Journal of Cardiovascular Diseases

AI Use Declaration Form

Manuscript title: _____

Corresponding author: _____

Please select one:

☐ No generative AI or AI-assisted technologies were used in manuscript preparation or research.

☐ AI was used as follows:

Tool/developer and version, if available: _____

Purpose and sections/tasks affected: _____

How outputs were checked: _____

Disclaimer: *Routine spelling checks, reference formatting, and basic non-generative grammar correction do not require disclosure.*

Authors Explanation

On behalf of all authors, I confirm that:

- All substantive AI use is disclosed in the cover letter and manuscript, including Methods and figure legends where applicable.
- AI-assisted content was reviewed and verified. No data, references, findings, or clinical images were fabricated or deceptively altered; any synthetic material is clearly identified.
- Confidential or identifiable patient information was not uploaded without appropriate permission and safeguards.
- AI is not listed as an author. All authors approve the manuscript and accept full responsibility for its accuracy, originality, and integrity.
